

Testimonial from Peter Beer Adelaide – Hannibal Jumbo Canvas tent supplied by TJM Adelaide.

Here's what Peter Beer from Adelaide had to say about Hannibal Safari Roof Top Tents.

I had spent a lot of time looking at Roof Top tents. Having visited different suppliers to view the tents in 'Real Life' I settled for the Hannibal Unit with the Jumbo Tourer extension.

The Hannibal Unit was superior in construction and finishing to other units I looked at. The quality of the canvas, ladder and stitching stood out.

Since we have purchased our Hannibal Roof Top tent we have experienced many heavy rain storms and in one trip, spent 2 days facing gales on the sea side of the Coorong on the South Australian Coast.

At first, I admit, I was a bit worried as to how the Tent would cope being stuck on top of the Cruiser.

After a comfortable and very dry night, I was convinced that we had made a great choice to enhance our travelling experiences.
