

Testimonial from Glenda & Phil Osterlund from Perth – Hannibal Impi tent supplied by ORE Off Road Equipment Perth.

Hi Guys,

Here are a few photos as promised, the first two photos were taken at the beginning of the trip in Kalbarri and the last two photos were taken at Bottle Bay just short of Cape Peron(Shark Bay).

When it comes to holidays, Phil and I love to pack up the 4 wheel drive and hit the road, get as far away from everyone as we can, set up camp, light a fire, cook a nice meal in the camp ovens and crack a nice bottle of wine. There is just nothing like it and we love it even more now because it's so damned easy!!

The Hannibal unit is fabulous! Luxurious compared to the swag and we can recommend it to anyone. It is stable, even in windy conditions, warm, cozy and comfortable. Phil and I have always rolled the swag out so I was a little concerned that we would feel closed in but it is definitely not claustrophobic!

We are really pleased with the canopy as well in fact; it would be fair to say that we are 'Happy Little Campers!' In a few weeks time, we are heading off again and this time we will be on the road for 2 months so it will be interesting to see how everything goes, especially if we get caught in wet weather. We'll keep you posted. Thanks guys!

Cheers!!

Glenda and Phil (Osterlund)
